

# CAMP BRIAR HILL

## CAMPER RELEASE FORM

Family \_\_\_\_\_ Children (list all) \_\_\_\_\_

This form is used to determine who is authorized to pickup your child(ren) from camp. There are two ways that a child may be picked up from camp:

1. **End of the day dismissal.** This is the most common method. Briar Hill provides a placard (in your camp package) that is placed on your car's dashboard during dismissal. The placard identifies which children are being picked up. After a short wait in our dismissal queue, your child will be brought directly to your car. You may form car pools with other families by completing the section below.
2. **By coming to the camp office.** An approved person may pickup a child at any time. The person must be authorized by listing them below and is required to present photo identification. Note: it is helpful to call the office first so that your child is ready.

### Authorized People (mandatory)

I authorize my child(ren) to be released to the following people. Please list everyone that is authorized, including any car pool parents.

_____	_____
_____	_____
_____	_____

### Multi-family Car Pools (optional)

Briar Hill supports and encourages car pools. Each family in a car pool will receive a second dismissal placard. You may use either the car pool placard or your family placard depending on which children you would like to pickup. **Please note that a car pool can only be formed if we receive matching requests from all participating families. Please coordinate to make sure each family is authorizing the same car pool.** Note: please do not fill out the car pool section for one-time or infrequent car pools.

I would like the following children to be in a car pool with my children:

_____	_____
_____	_____
_____	_____

### Signature (mandatory)

I agree to follow Briar Hill's dismissal/release procedures and understand that another person will not be allowed to pickup my child unless specified above.

Signature \_\_\_\_\_ Date \_\_\_\_\_
